

INDUSTRIAL MINERALS / 04

China Clay (Kaolin)

Kaolinite

China Clay (Kaolin) export from India. Crude and Processed grades. Ceramics, paper, paint grade. FOB/CIF Mundra, Kandla.

ORIGIN India — Gujarat / Rajasthan	PRODUCT TYPE Industrial Mineral	AVAILABLE TYPES Crude, Processed
INCOTERMS FOB, CIF	MOQ 1 x 20' FCL	LEAD TIME Confirmed at Quotation

Other Incoterms (EXW, CFR, DDP) available on request. Lead time depends on destination, carrier schedules and each country's own import/customs rules — we confirm an exact shipment date once the destination port is known.

Specifications by Type

PARAMETER	CRUDE (UNWASHED)	PROCESSED (WASHED)
Al₂O₃	32% – 36%	36% – 38%
Fe₂O₃	Max. 1% – 1.5%	Max. 0.5% – 1%
Brightness	Not Refined	78% – 82%
Moisture	Max. 15% – 20%	Max. 1% – 2%
Form	Lumps	Powder

Values shown are commercial ranges. Brightness and Fe₂O₃ are the parameters ceramics/paper buyers check first, because iron content is what limits how bright and white the fired or coated result can be — even a small increase in Fe₂O₃ shows up as a visible tint. Processed grades carry a tighter Fe₂O₃ ceiling and higher, more consistent brightness than Crude; Crude is the lower-cost option where the end use tolerates natural variation.

Packaging

25 kg & 50 kg PP Woven Bags · 1000 kg Jumbo Bags
Other sizes and custom packaging are available on request.

Documentation

Certificate of Analysis (COA) · Certificate of Origin
Additional certification available on request.

Applications

Ceramics — Tiles, sanitaryware

Paper — Coating, filler

Paints — Extender

Rubber & Plastics — Reinforcing agent

Quality & Assurance

Agreed specification

Every shipment ships against an agreed spec and Certificate of Analysis.

Independent inspection

Third-party inspection (SGS/Intertek) at buyer's cost before loading.

Multiple sources

Multiple producers per product — spec matched to buyer, not one mill's output.
